It's been a great start for 2s this year with a big 47-5 win in the 1st round over Oatley who were just blown off the park within the first minute or so. The team played brilliantly for guys who were having their first run of the year together.

With the return of Doug Mitchell, Bucky, Sean Needs and Tokka and new faces like Andre and Rupeni, the season really looks promising. Without getting too far ahead of ourselves, there are definitely some things to work on to become real title contenders.

1 point went to Rupeni, who told his opposite winger he was going to eat him (funny thing is, it's believable); 2 points went to Toka, who controlled the game beautifully at five-eighth; and the 3 points went to captain Butters, who was outstanding as usual.

Top effort boys!
